INSIDE Public Accounting's Best of the Best recognition annually honors firms for their wise management and superior operational performance on more than 50 criteria. This is the 17th year INSIDE Public Accounting (IPA) has named the Best of the Best accounting firms. More than 385 firms participated in this year's 20th annual IPA Annual Survey and Analysis of Firms. 25 firms were selected as Best of the Best with an additional 25 firms receiving Honorable Mention.

"Best of the Best Honorable Mention firms represent the top 50 accounting firms in the nation. Each firm demonstrates the right combination of vision, planning and execution to deliver superior performance," says Michael Platt, principal of the Platt Group and publisher of INSIDE Public Accounting. "Firms that earn this designation represent the best of what the accounting profession has to offer," Platt says.

These firms excelled within an economic environment that took its toll on all firms. "The success of these firms is a tribute to their leadership. Their stellar performance defies economic trends by recognizing the long-term goals that are needed in order to sustain growth through both prosperous times and down times," says Kelly Platt, principal of the Platt Group and publisher of INSIDE Public Accounting. "We salute all of these firms and recognize their overall management strategies as models that the profession can be quite proud of," she says.
